

**CALIFORNIA**  
AIR RESOURCES BOARD

# **Drive Forward Overview**

## **ZEV Showcase**

**April 29, 2026**  
**San Diego, CA**

# Today's Landscape

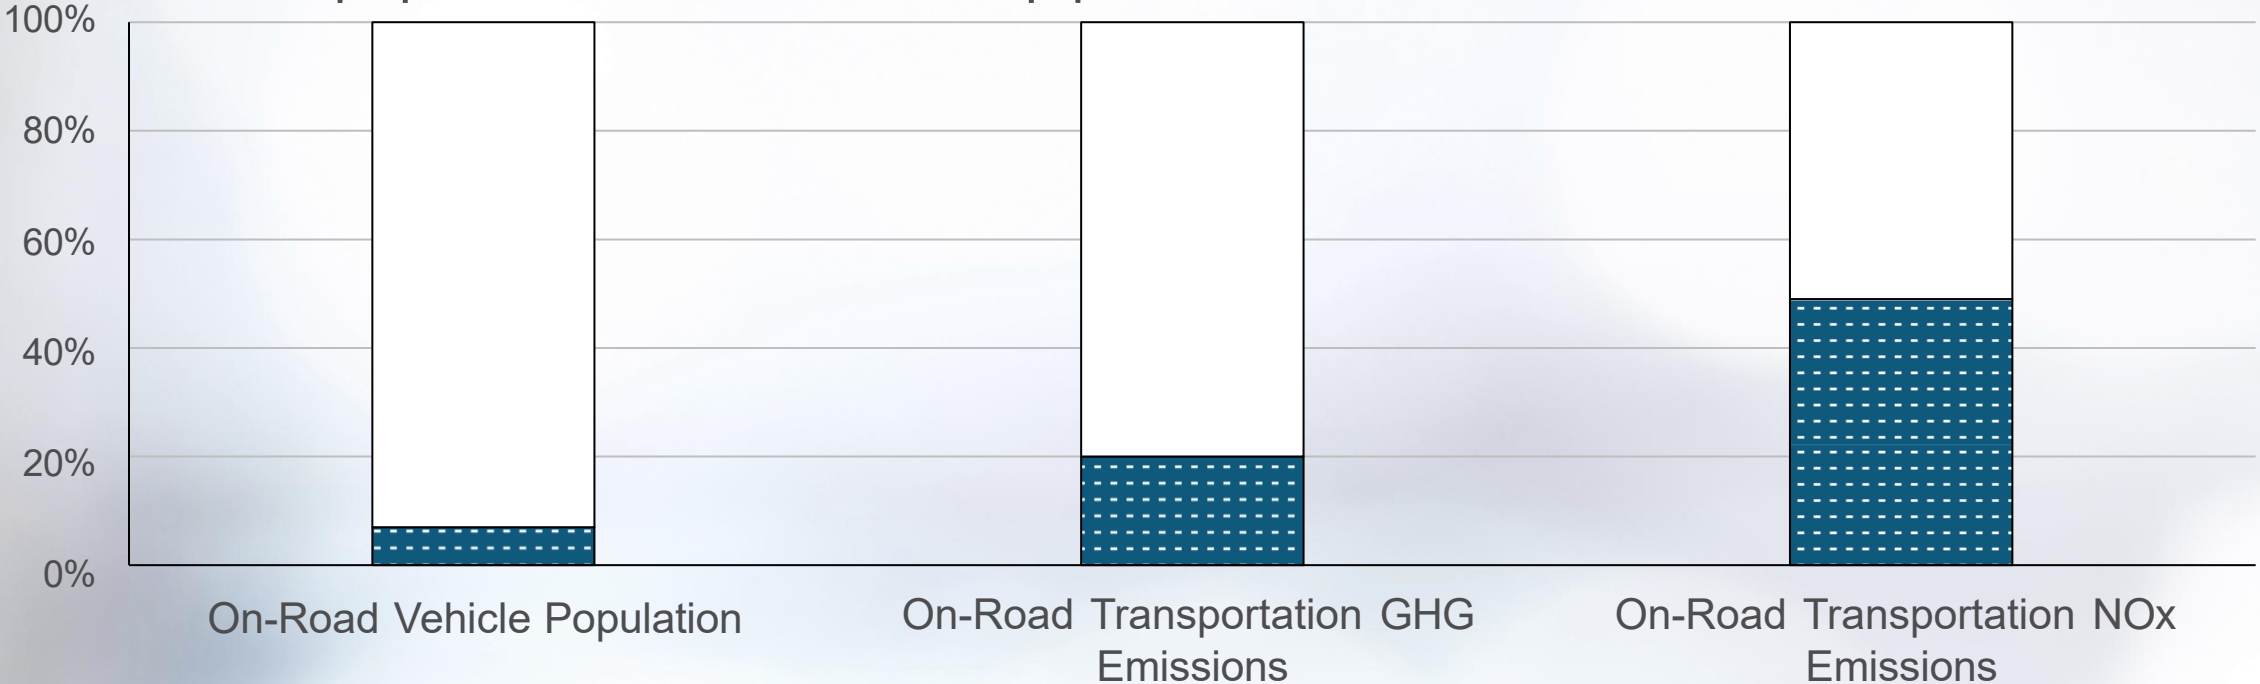

# The Importance of Addressing Truck Emissions

Trucks only make up 7% of the state's vehicle population...

...but represent 20% of on-road transportation greenhouse gas (GHG) tailpipe emissions...

...and nearly half of on-road transportation NOx emissions

■ Medium- and Heavy-duty Vehicles    □ Rest of the Fleet

\*Data from EMFAC2025v2.0.0 for 2025 calendar year

# Potential Heavy-duty Rulemaking

- General focus on medium- and heavy-duty vehicles
  - Gross vehicle weight rating (GVWR) >8500 lbs.
- Suggestions from the public apply to:
  - Manufacturers
  - Vehicle owners and operators, and
  - Other entities that hire truck services

# Drive Forward Schedule

2025 – Build & Launch

- Portal launch with form
- Develop materials
- Initial workshops

2026 – 2027  
Deep Engagement
